

British Virgin Islands Office

We provide a wide range of services relating to the formation and administration of companies on the British Virgin Islands, in conjunction with the management of complex structures. With the help of our team on the ground, and their expertise, we establish stable corporate structures and ensure that they are administered and managed in a professional manner.

HOW WE ASSIST YOU

We handle all the tasks and activities that you need to complete to ensure that the companies' administration is handled optimally, while always working within the framework of the statutory and regulatory requirements of the country in question. We take responsibility for all the actions to be undertaken in terms of our role, as administrators of mandates and in our capacity to assume executive functions in the companies we manage.

YOUR ADVANTAGES

Our experienced, internationally networked team on the British Virgin Islands handles all the operational and administrative tasks from there, enabling us to ensure that the companies have the substance they require in this day and age. In addition, we guarantee that Treuco always has full control over your data, and will continue to do so. You entrust your documents and data to us in the knowledge that they will be stored securely and protected from unauthorised access. This means you can benefit from our comprehensive services in an international environment, rendered with all the professionalism you would expect – including on the British Virgin Islands.

OUR SERVICES

We can assist you and support you during every step in a company's life cycle. We are by your side from formation through to liquidation and dissolution, thanks to our experts on the ground and our specialist knowledge.
